

2023 Territorial Christmas Recording

The Territorial Christmas Recording is available as both a CD and streaming card. A streaming card is a postcard sized item that can be given away at kettles and special events. It will have the artwork on the front and will include a streamlink and QR code on the back so anyone can scan and access the music online. In addition, the back of this card will have plenty of blank space for your ministry unit to customize and personalize. Share your social links, website, or a Christmas greeting to the community. We recognize that there are still many who prefer to have a physical copy so we will be producing CDs as we have done in the past.

The deadline to order the recording is **October 10, 2023.**
